

STUDENTS
CONSIDER THE OCEANS!
TEST DRIVE A MARINE CAREER THIS SUMMER
AT NOAA's NORTHEAST FISHERIES SCIENCE CENTER

Summer employment opportunities are available at NOAA's Northeast Fisheries Science Center. The Center conducts directed fisheries research to conserve and manage living marine resources and their environment in the northeast US. Research topics include but are not limited to: population biology & dynamics, resource assessment/environmental surveys, taxonomy, protected species, apex predators, physical & biological oceanography, larval fish/plankton ecology, social sciences, aquaculture, biotechnology, large marine ecosystems, remote sensing.

We propose to offer a limited number of summer positions (potentially May - September) divided among our laboratories located in Woods Hole, MA; Narragansett, RI; Milford, CT; Highlands, NJ; Washington, DC and Orono, ME. Positions are filled by matching your interests with the research areas of focus at the various laboratories (SEE BELOW).

REQUIREMENTS

You must be a US citizen AND an active undergraduate/graduate student at a college or university (enrolled as either a full or half time student) at the time of application, or have been accepted as a student in an academic program (enrolled as either a full or half time student) for the 2003/2004 year by the time the summer position begins.

HOUSING AND TRANSPORTATION

Summer Student Program participants are responsible for locating and covering costs of summer housing in the local area, and providing their own transportation to and from the NOAA laboratory. There are no stipends available to cover housing or travel expenses.

SALARY

Salary levels vary depending on the geographic location of the laboratory and the semester hours the student has completed.

APPLICATIONS

Applications are available from:

Karen Tougas, 2003 Summer Student Program Coordinator

Northeast Fisheries Science Center

28 Tarzwell Drive

Narragansett, RI 02882

Phone (401) 782 3310

Fax (401) 782 3292

Email Karen.Tougas@noaa.gov

Completed and signed applications must be returned to Ms. Tougas by April 4th to be considered for the Summer Student Program.
